About the Program

Inspired by Dr. APJ Abdul Kalam's Vision

The **Kalam Technopreneurship Program**, a flagship initiative of *Tarbiyat Sociotech Foundation (Registered under Section-8, New Delhi)*, aims to empower the next generation of Indian innovators.

We bridge tradition with modern technology—enabling students from common backgrounds and Madarasas to become **job creators, innovators, and global leaders**.

Our Mission

- Equip students with **future-ready skills** in AI, Robotics, IoT, Data Science, and more.
- Transform **job seekers into job creators**.
- Blend **traditional learning with modern technology**.
- Prepare students for **global opportunities** while staying rooted in values.

MASTERING TECHNOLOGY FROM SCRATCH

Pilot Project – Dehradun

- Location: **Madarsa Anwarul Quraan, Dehradun**
- Integration: Technology learning **alongside Quranic & Islamic curriculum**
- Current Schedule: **2 hours/day of hands-on training**
- Student Feedback: *Overwhelming interest and enthusiasm to learn modern technology*

Program Roadmap

Stage 1: Mathematics & English Foundation

Stage 2: Programming & Computer Science

Stage 3: Robotics, AI, and IoT

Stage 4: Data Science, Cloud & Cybersecurity

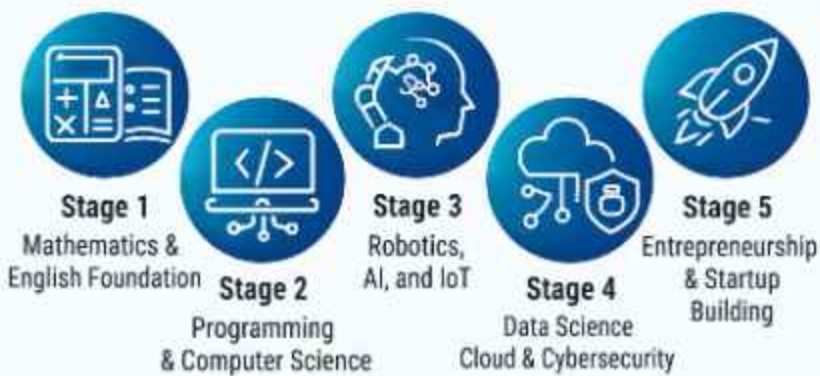

Stage 5: Entrepreneurship & Startup Building

Why This Matters

Millions of students complete degrees each year but remain unemployed. We believe students should not remain ordinary diploma holders seeking jobs—they deserve:

- ✓ **Skills that matter globally**
- ✓ **Opportunities to innovate**
- ✓ **Respectable livelihoods worldwide**

This program creates a generation of **technopreneurs** who will lead India's growth in the digital age.

Program Outcome:

Skilled, confident students ready for global opportunities and entrepreneurship.

Call for action

We are a **100% charitable initiative** and need your support to sustain and expand this mission.

Your contributions will help cover:

- 🧰 Technological Labs
- 🧑🏫 Expert Trainers
- 🎓 Student Training Programs
- 🏠 Administration & Resources

Even your smallest contribution can create a lifetime of impact.
